ABOUT US

ECR (Efficient Consumer Response) Thailand has emphasizes on Logistics and Supply Chain optimization for consumer goods and retail/wholesale industries. We have held many useful and practical activities to share knowledge and experience among members which can sharpen members' competitive edge, help members to remain secure in the difficult economic condition, and get mutual benefits.

EVENT HIGHLIGHT

Climate change and pollution are probably the highest threat to our society, and we need to act fast to preserve the planet for future generations. We all need to be part of the solution, and firms are taking important steps to protect the environment by taking responsibility of natural resources consumption to ensure sustainability. The theme of ECR talk of this year is “sustainability for our tomorrow”. Executives from important Manufacturers, Service Providers and Retailers will present their initiatives and discuss how collaboration across Supply Chain contributes to efficiency, waste reduction and environment preservation. We believe that we can play an important role to improve waste management in Thailand and contribute to reduce climate changes, for a better future. In the event, you will get to know what are their latest initiative and views on how they can cooperate together for the benefit of the consumers and for the environment, sustainably. You will also have to opportunity to interact directly with the panelist during the Q&A session.

REGISTRATION FEE (VAT included)

- General and Academic (Free, Cocktail excluded)
- General 1,500 THB/PAX (Cocktail included)
- Academic 750 THB/PAX (Cocktail included)

Note: The event will be conducted in English.
